Hi

We are going somewhere tomorrow afternoon. So can we move your visit to Friday or at 12pm tomorrow?

Good day

Please confirm if Buggs's clothes still fit and if he has enough items for the upcoming warmer and rainy weather.

Hi

I think what I have for him for summer is ok for now. The winter clothes you got him a couple of weeks ago still fit. All the clothes that he out grew I have given back to you, as per your request.

Good day

Why?

And in future please don't apologise, late notifications are the norm with you so I don't understand why do you apologise for and pretend to be sorry for something you do deliberately.

Unless you provide reasonable explanation for the cancellation I do not consent to it.

Regards  
Salatiso

Good day

I'm told you are having issues with water subsequently impacting on my son, why did you not tell me of this?

I have water from both the council and my reservoirs, why would you let my son suffer because of a problem I can solve?

Regards,  
Salatiso

Mpho I need an answer to this.

If need be I'm willing to have Msitheli deliver water in Buggs's interest until your water issue is resolved.

Regards,  
Salatiso

Did not a constructive question in last email for me to answer to.

Water is being restored tonight - Lukhanyo has not suffered, he's bathed both nights.
