Hi

Lukhanyos playgroup is having an end year party on the 30th Nov in the morning.

We can move your visit time to afternoon (though he will probably be tired at that time and sleep most of it) Or we can do Sunday morning.

Good day

Noted, Sunday same timeslot will suffice.

You should have received an eWallet for his doctor.

Good day

Follow the instructions as per text, that transfer was the most feasible at the time.
