Good day

What size nappies?

Buggs is 6 months now and he can eat so he needs to come home.

Before I dedicate all my resources to getting him here I need a DNA confirmation that he really is my son, you'll need to avail 3 dates so that I can book the appointment.

Regards,
Salatiso

It's close enough and they've confirmed it's not invasive so Buggs won't be in pain.
